

AFSCME Members – Make Delaware Happen

In Delaware We Are The Workers That:

- Build and maintain our roads.
- Provide health care for our veterans, the elderly and the mentally ill.
- Protect the children of Delaware.
- Maintain our state parks.

Now more than ever, workers across the country are turning to AFSCME for a strong voice on the job and in their communities.

Thousands of AFSCME members have dedicated their time to bring dignity and justice to non-union workers. From California to Delaware, members have answered the call to action by reaching out and sharing the positive impact that AFSCME has had in their workplace. Join your union brothers and sisters in helping non-union workers earn a living wage, a voice on the job and health care for themselves and their families.

Sign Up Today to Become an AFSCME Volunteer Member Organizer

- Volunteer on weekends and evenings to talk with non-union workers one on one in their homes about your experience as an AFSCME member.
- Learn organizing skills you can bring back to your own local and worksite.
- Help build your union for a stronger voice in the community and in our country.

Yes, I want to help build my union by becoming a CN 81 VMO!
